

**REQUEST FOR QUALIFICATION PACKAGES
VARIOUS ON-CALL PROFESSIONAL ENGINEERING SERVICES
MANCHESTER-BOSTON REGIONAL AIRPORT
MANCHESTER, NH**

The City of Manchester, Department of Aviation, Manchester, New Hampshire, (hereafter “Manchester-Boston Regional Airport” or “the Airport”) hereby requests interested firms to complete and submit qualification packages for various On-Call Professional Engineering Services. Contracts will be for a 3-year period with an option to extend up to three additional years based upon mutual agreement. *Services being solicited include: Airside and Landside Civil Engineering; Architectural; Environmental; and Land Survey.*

Responding firms should understand that the Airport does not anticipate a significant number of new projects in the near term, but desires to have a qualified team of professionals under contract and ready to provide services as needs arise. Selection by the Airport is not a guarantee that assignments will be made to any or all selected firms during the life of the contracts.

Requests for qualifications packages are available from Kathy Tarbox, Manchester-Boston Regional Airport by calling (603) 628-6211, or by email at ktarbox@flymanchester.com, or directly on the Airport’s website, www.flymanchester.com.

Qualification packages are due at the Manchester-Boston Regional Airport Engineering & Planning Office, 6 Industrial Drive, Suite 2, Londonderry, NH 03053 no later than 2:00PM, Friday, February 27, 2015. It is the Airport’s intention to select firms based strictly on qualifications, although interviews may be utilized if it is deemed in the best interest of the Airport.

Mark P. Brewer, AAE
Airport Director
